ST. PAUL'S JOURNEYMEN GOLF OUTING

SPONSORSHIP OPPORTUNITIES

In today's uncertain world, children need the life-long benefits that Christian education offers. A Christian education helps develop their character and values; they learn essential life skills, and are surrounded by positive role models and friends who will help them thrive and make wise choices today and later in life. Unfortunately, families who want their children to receive a Christian education are unable because of financial constraints. With the rising costs of everything these days and no end in sight, families are forced to stretch their hard-earned paychecks farther than ever. The net proceeds from this golf outing will go to the Fred Boldt Fund-A-Family Scholarship Fund, which was created to help offset tuition costs for these families.
